TCC reps for 2019 and 2020 runs

Replenish First Aid supplies

Remind run coordinators they are responsible for bringing paper towels, paper plates, plastic ware, etc. (check TCC website for list of supplies)

Rental Fees - consistent for all cabins

Run supplies - paper towels, paper plates, plastic wear, dish soap, clorox wipes, etc. are all supplied by the run coordinator.

The supplies stored at TCC are for use for maintenance weekends

Parking tags - For LVL PWA I just put their run number on it, then if they need to find out who it is they ask me. Main reason for the run number versus name is that way no one knows who it belongs to so it eliminates any grudge scratches. That prevents having to get on the mic and keep pleading "will the owner of the blue...." (this would have been helpful at Woofstock)

Reimburse for garden hose to outdoor sink
