## Needs Repair/Work:

- Warmer control module around \$650.
- Broken handle in front toilet
- Celebration deck
- Fire wood collection/organized at fire pit

## Other:

- Digitized Map from Brian Gruel

## After Run Conditions:

Items are left after almost every run. Please check you campsites and cabins. Found has been jewelry, watches, earrings, cock rings, bag of clothing all sorts of items.

We have also found garbage left behind. Including 20 trash bags full left in Dales Canopy, along with broken chairs, broken tents, tarps, and fans. Also found has been dirty adult diapers, urinary catheters. LEAVE THE CAMPGROUND AS CLEAN AS YOU FOUND IT!

If you use staples to hang decorations in the pole barn remove them when cleaning up. We had some left that were stabbing people as they sat along the stage rail.
